

## About the Bay Pines VAHCS

The Bay Pines VAHCS is located in sunny, central Florida. The Bay Pines campus is only minutes from Madeira Beach. It is close to Tampa, St. Petersburg and all the fun and excitement those cities have to offer! There are great restaurants, great shopping and great fun! Most importantly, we have a great staff that is dedicated, and fun to work with!

### A Proud History

In 1929, Senator Duncan U. Fletcher proposed a bill for a new Soldier's Home in Florida. In 1933, the first building was Completed and the Bay Pines HCS had their first patient. Since then, the Bay Pines VAHCS has expanded to meet the needs of our veteran population. As of 2010, the Bay Pines VAHCS was home to 153 hospital beds, 33 psychiatry beds, a 112-bed Community Living Center, a 65-bed Domiciliary, and a 34-bed Residential Treatment program.

Together, the Bay Pines VAHCS staff provide care to 97,786 veterans every year. Bay Pines also offers services through its community-based outpatient clinics in Bradenton, Lee County, Naples, Palm Harbor, Port Charlotte, St. Petersburg, Sarasota, and Sebring.

The Bay Pines VAHCS strives to exceed expectations every day, to care for he who borne the battle; to provide the care, compassion and serve those who served.

Administration  
Residency

Give us a year, and we'll give you a lifetime!

## PGY-2 Administration Residency Description

This specialty residency is designed to enable the resident to develop the professional skills necessary to serve in a pharmacy clinical or operational leadership role. It includes exposure to national, regional, and local activities that are directed to support team management, regulatory compliance, performance measure monitoring and compliance, and resource management. Upon completion of the program, the graduate shall be able to develop, implement, and manage clinical and operational pharmacy services while employing newly developed skills in personnel management and development, communication, resource management, fiscal management, regulatory compliance, and program development.

Visit our website for more information about the residency:
