IN NEW DIRECTIONS

PHARMACY RESIDENCY IN SYRACUSE NEW YORK

PROGRAM DESCRIPTION

The Pharmacy Residency (PGY1) at the **Syracuse VA Medical Center** is designed to allow development of the resident into a clinical practitioner who will contribute to positive outcomes in the practice of pharmacy.

The program is a comprehensive, 12 month (July 1 - June 30) post-graduate residency. The program will focus on the development of skills in a variety of practice settings including internal medicine, ambulatory care, and pharmacy practice management.

GOALS

The purpose of the Pharmacy PGY1 Residency is to train pharmacists to provide medication therapy management, primarily to ambulatory, geriatric and inpatient populations. The pharmacist will learn to be a member of a multidisciplinary team, providing education to patients and health professionals. In addition, residents will learn to perform self-monitoring and demonstrate leadership through contributions to performance improvement.

QUALIFICATIONS AND BENEFITS

QUALIFICATIONS:

- United States citizen
- Graduate of an accredited college of pharmacy
- Active pharmacy license, or eligible for licensure in any state or federal territory

BENEFITS:

- Competitive salary
- Eligible for medical and life insurance as a VA employee—multiple plans available
- Thirteen (13) days of annual leave
- Thirteen (13) days of sick leave

ABOUT SYRACUSE VA MEDICAL CENTER

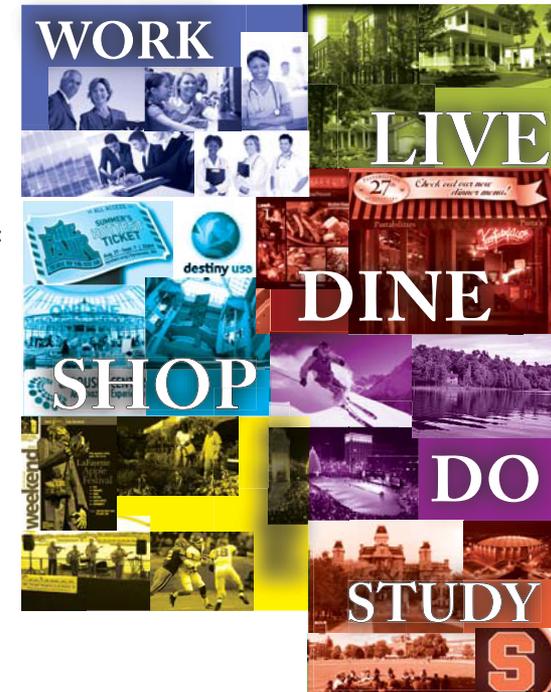

The Syracuse VA Medical Center is centrally located in New York State and has seven outlying community based outpatient clinics (CBOCs).

Dedicated to providing a wide range of services to the veterans of central New York, the 106-bed general medical and surgical facility provides comprehensive: Primary care, Mental health care, Tertiary care, Long-term care, Physical medicine and Rehabilitation, Neurology, Oncology, and Geriatrics.

The Syracuse VA Medical Center also has an active affiliation with SUNY Upstate Medical University where over 650 of their students, residents, interns, and fellows receive training at the Medical Center each year. The Syracuse VA also has pharmacy educational affiliations with the University of Buffalo and St. John Fisher College.

There is a \$2.5 million research and development program that includes over 100 studies on a variety of topics. The research program is fully accredited by the Association for the Accreditation of Human Research Protection Programs, Inc. (AAHRPP).

As of June 14, 2013, Syracuse VA Medical Center opened a \$90 million six-floor, 30-bed Regional Spinal Cord Disorder (SCI/D) Center. The center houses a therapeutic pool, expanded outpatient surgical services, dialysis and infusion program and seven new operating rooms. Other projects of note include a new Women's Wellness Center.

A GREAT PLACE to BE!
