

Each physician should claim only those hours of credit that he/she actually spent in the educational activity. This activity is certified to provide continuing education credit to practitioners seeking category 1 AMA PRA credit when viewed live, as a scheduled re-broadcast, or as a recording.

#### **American Nurses Credentialing Center (ANCC)**

The VA Employee Education System designates this educational activity for 1.2 contact hours in continuing nursing education. This activity is certified to provide credit to practitioners seeking ANCC credit when viewed live, as a scheduled re-broadcast, or as a recording.

#### **Accreditation Council for Pharmacy Education (ACPE)**

The VA Employee Education System is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education, Program #610-000-05-041-H04. This program is accredited for 1 contact hour. The Employee Education System maintains responsibility for the program. A statement of credit will be awarded to participants, and accreditation records will be on file at the Employee Education System. In order to receive continuing pharmacy education credit, participants must attend 100% of the program and complete an evaluation form. Statements of credit will be mailed to participants within 6 weeks of the educational activity's conclusion.

### **Clinical Update on the Treatment of Benign Prostatic Hyperplasia**

The goal of the Pharmacy Benefits Management-Medical Advisory Panel (PBM-MAP) Broadcasts is to assure that VHA healthcare professionals, VHA leaders and managers are well informed about the responsible use of pharmaceuticals in the care of veterans and that the information is timely and presented within the context of contemporary drug therapy goals of the department. To assure that this goal is achieved, the PBM-MAP Broadcasts are governed and advised by a steering committee composed of PBM clinical staff, MAP members, VISN Formulary Leaders (VFL) and EES staff. The PBM-MAP Broadcast Steering Committee will maintain an active dialog with VA Clinical Chief Consultants, private sector and other governmental pharmaceutical practitioners and researchers regarding program selection and appropriateness of content.

#### **The Rehabilitation Act of 1973, as amended:**

The Employee Education System wishes to ensure that no individual with a disability is excluded, denied services, segregated or otherwise treated differently from other individuals attending this satellite-based training workshop because of the absence of auxiliary aids and services. If you require any special arrangements to attend and fully participate in this educational workshop, please contact your satellite coordinator.

Please refer to <http://vawww.pbm.va.gov/PBM/dislearning.htm> or <http://www.pbm.va.gov/PBM/dislearning.htm> for the schedule and topics of future broadcasts.

You Are Invited...

To attend a Pharmacy Benefits Management - Medical Advisory Panel - Educational Distance Learning Event

## **Clinical Update on the Treatment of BENIGN PROSTATIC HYPERPLASIA SATELLITE BROADCAST**

(05.PBM SHG.C)

This program was produced in consultation with and is acknowledged by the VA National Director of Surgery

**September 14, 2005**

**1:00pm ET**

The Pharmacy Benefits Management - Medical Advisory Panel programs are rich in content, timely, and highly interactive on the beneficial use and application of selected pharmaceuticals in the care of veterans

**Department of Veterans Affairs**

*Employee Education System*

## PURPOSE

To provide VHA providers and allied health personnel up-to-date information and a broader understanding of the challenges and management options for the treatment of Benign Prostatic Hyperplasia.

## TARGET AUDIENCE

This program is designed to educate physicians, nurses, pharmacists and other healthcare professionals within the Department of Veterans Affairs, Indian Health Service and Department of Defense, and their distance learning partner, the Centers for Disease Control in the diagnosis and treatment of BPH.

## OUTCOME OBJECTIVES

At the conclusion of this educational intervention, participants will be able to:

- ❖ Describe the pathophysiology of Benign Prostatic Hyperplasia (BPH)
- ❖ Describe the collaboration between Primary Care Provider and Urologist in the care of patients with BPH
- ❖ Describe what primary care providers need to do to manage patients with BPH before referring them to a specialist
- ❖ Describe from a urologist perspective what are appropriate vs. inappropriate referrals
- ❖ Define criteria for prescribing tamsulosin or alfuzosin over the formulary alpha-blockers
- ❖ Describe the differences in alpha blockers -selective vs. uroselective vs. non-selective
- ❖ Describe the role of finasteride/dutasteride in the treatment of BPH

## PROGRAM BENEFITS

Beneficial features of this educational intervention include:

- ❖ Nationally recognized faculty presenters share their unique insights
- ❖ Post-presentation interactive Q & A session enriches educational experience
- ❖ Current information relevant to VHA patient populations
- ❖ Live training with minimal time investment
- ❖ Improved patient care through updates on treatment recommendations and practical interpretations of VHA and national guidelines
- ❖ Quality educational experience without travel or extended time away from normal duties

## BROADCAST SLIDE PRESENTATIONS

The broadcast slide presentations can be printed from either:

<http://www.pbm.va.gov/PBM/dislearning.htm> or <http://vaww.pbm.va.gov/PBM/dislearning.htm>

**This program (in part) was supported by an educational grant from Merck & Co., Inc.**

## ONLINE REGISTRATION

For specific information on this program or to register for certification via the web, please go to <http://www.ees-learning.net>.

## WHERE:

Your local satellite site or via recording at a location determined by your facility. Location for viewing a recording is at the viewer's discretion and as your facility's resources permit.
