

PGY1 PHARMACY RESIDENCY PROGRAM

The Healthcare System

The Southern Arizona VA Healthcare System (SAVAHCS) has provided comprehensive, world class health care to Veterans for over 90 years. SAVAHCS is an integrated Veteran's Affairs health care system consisting of an over 250-bed hospital, multiple primary care and specialty clinics, two urban community outpatient clinics, and five community outpatient clinics in Tucson's outlying areas, serving over 60,000 Veterans annually.

A wide range of inpatient and ambulatory care services are provided in the medical center including acute care medicine, primary care, surgery, neurology, infectious diseases, nephrology, endocrinology, gastroenterology, rheumatology, pulmonary, cardiology, oncology, mental health, and emergency medicine. SAVAHCS is a cardiac referral center for the Southwest Region. The Pharmacy Service is a technology and patient safety leader assisted by the extensive use of robotics and automation.

SAVAHCS has a strong affiliation with the University of Arizona allied healthcare profession programs. Students and residents from many disciplines, including pharmacy students from several schools of pharmacy, are trained at SAVAHCS each year.

The SAVAHCS Pharmacy Service provides progressive clinical services to the medical center with approximately 130 pharmacy staff members, including more than 61 Clinical Pharmacy Practitioners in a variety of practice settings.

At SAVAHCS, we are committed to fostering and sustaining an environment that promotes diversity, equity and inclusion in our pharmacy service. We embrace our differences as individuals and unite as a pharmacy team with a common goal: deliver safe, optimal, patient-centered care for our nation's Veterans.

Residency Goals and Objectives

The purpose of the SAVAHCS PGY1 pharmacy residency program builds on Doctor of Pharmacy (Pharm D.) education and outcomes to develop pharmacist practitioners with knowledge, skills, and abilities as defined in the educational competency areas, goals and objectives. Residents who successfully complete PGY1 pharmacy residency programs will be skilled in diverse patient care, practice management, leadership, and education, and be prepared to provide patient care, seek board certification in pharmacotherapy, (i.e. BCPS) and pursue advanced education and training opportunities including postgraduate year two (PGY2) residencies.

Program Description

The 52-week accredited residency program accepts six PGY1 residents and is designed to provide ongoing clinical pharmacy activities while promoting the individual resident's needs. The program provides clinical experience with a broad range of patients and disease states in various rotation settings, while working collegially with physicians and nurse practitioners. During the program, each resident gives presentations, such as patient management conferences, in-services to nurses and physicians, journal clubs, and an Accreditation Council for Pharmacy Education (ACPE) accredited one-hour continuing education presentation. A residency project is required; each resident chooses a project based and presents a poster outlining research hypothesis & methods, as well as the completed project at professional meetings.

Required Clinical Learning Experiences

The required learning experiences include: Acute Care Medicine (two 8-week blocks), Critical Care (4 weeks), Primary Care (two 4 week blocks, and Pharmacy Operations (4 weeks)

Longitudinal Experiential Activities

Longitudinal experiences throughout the residency include primary care longitudinal clinic (1/2 day weekly) and several administrative learning experiences and clinical staffing. a

Elective Opportunities

Residents choose three 4 week electives. Elective time is tailored to the specific interests of the resident within the training program. Common electives are oncology, specialty ambulatory care, mental health, infectious disease, emergency medicine, pain, academia (e.g. with the University of Arizona College of Pharmacy), and geriatrics.

Benefits

The residency stipend is \$48,037 and includes full federal healthcare benefits. Residents will accumulate 13 days of paid vacation time, 13 days of paid sick time, and have 10 Federal holidays per year.

Applicant Qualifications

- United States citizenship
- Doctor of pharmacy degree from an American Council on Pharmaceutical Education accredited school of pharmacy
- Pharmacist licensure in any state in the United States of America no later than 90 days after the residency start date
- National Matching Service and Pharmacy Online Residency Centralized Application Service (PhORCAS) registration

*Application Requirements:

All application materials are due by January 2nd, at 11:59 p.m. Eastern Standard Time.

The SAVAHCS PGY1 Residency program participates in the Pharmacy Online Residency Centralized Application Service (PhORCAS). Please refer to both the ASHP and SAVAHCS PGY1 websites for details.

In addition to the PhORCAS application standard requirements, please request each reference to provide comments for a minimum of 10 of the "Characteristics Evaluated" and answer all narrative comment questions on the PhORCAS Standardized Reference form. These additional requests are communicated by the applicant to their references.

Materials submitted by the candidate are subject to textual similarity review for detection of plagiarism.

Candidates who are not invited to interview are notified no later than January 30th.

This residency site agrees that no person at this site solicits, accepts, or uses any ranking-related information from any residency applicant.
