

We are proud of our tradition of service, past present and future.

The Captain James A. Lovell Federal Health Care Center supports innovation, empowerment, productivity, accountability and continuous improvement. Working together, we provide a continuum of high quality health care in a convenient, responsive, caring manner.

Mission

Leading the way for federal health care by providing a quality, patient-centered experience and ensuring the highest level of operational medical readiness.

Vision

Creating the future of federal health care.

Captain James A. Lovell Federal Health Care Center

PGY-2 Psychiatric Pharmacy Residency

3001 Green Bay Road
North Chicago, IL 60064

Purpose

PGY2 pharmacy residency programs build on Doctor of Pharmacy (PharmD) education and PGY1 pharmacy residency programs to contribute to the development of clinical pharmacists in specialized areas of practice.

PGY2 residencies provide residents with opportunities to function independently as practitioners by conceptualizing and integrating accumulated experience and knowledge and incorporating both into the provision of patient care that improves medication therapy.

Residents who successfully complete an accredited PGY2 pharmacy residency should possess competencies that qualify them for clinical pharmacist and/or faculty positions and position them to be eligible for attainment of board certification in the specialized practice area (when board certification for the practice area exists).

General Information

- Two PGY2 positions
- Start date July 1
- 52 week duration
- 11 holidays
- 13 vacation days
- 13 days sick leave
- Competitive residency salary

Required Rotations

- Acute inpatient psychiatry
- Primary care mental health integration
- Outpatient mental health/urgent care
