

Diversity, Equity & Inclusion

The Robert J. Dole VA Medical Center hosts the Wichita PGY1 Pharmacy Residency Program, in affiliation with the University of Kansas School of Pharmacy. We are committed to creating a diverse environment. All qualified applicants will receive consideration without regard to: age, race, color, religion, gender identity, gender expression, sexual orientation, disability, Veteran status, and many other differences that make us all unique individuals. We will strive to ensure that every resident knows they belong and matter. We will strive to affirm the residents with authentic appreciation of them as humans. We commit to be intentionally inclusive in the culture and curriculum offered to the residents within the VA Health Care System. The Robert J. Dole VAMC will advocate for rotations that are diverse and inclusive and will encourage residents to seek and engage in these inclusive experiences.

Program Overview

The Robert J. Dole VA Medical Center hosts the Wichita VA PGY1 Pharmacy Residency Program. Veterans are served at our main medical center located in Wichita, KS and at our community based outpatient clinics located in western, central and southern Kansas. Our facility promotes excellence through inter-professional collaboration and dedication to being a high reliability organization.

Graduates of this pharmacy residency program will have great knowledge of the inpatient, ambulatory and administrative pharmacy practice areas.

Many of our highly trained clinical pharmacists and clinical pharmacist practitioners are board certified. Our preceptors are dedicated to teaching; many are currently offering robust student rotations as preceptors for both the University of Kansas and Creighton University pharmacy schools.
