

VA Southern Nevada Healthcare System

PGY1 Pharmacy Residency Program

Overview

The VA Southern Nevada Healthcare System (VASNHS) provides a broad spectrum of ambulatory and inpatient services as part of VA Sierra Pacific Network (Veterans Integrated Service Network- VISN 21). The VASNHS serves Veterans in seven counties including Clark, Lincoln, Nye, and Esmeralda in Nevada; Washington County in Utah; Mohave County in Arizona; and San Bernardino County in California. Recent consensus projections place the Veteran population of these counties over 240,000. There is a total of 25 facilities which make up the VASNHS. The sites are in Las Vegas, Henderson, and Pahrump, Nevada. Most of the facilities are in metropolitan Las Vegas and North Las Vegas, Nevada.

The PGY1 Pharmacy Residency Program is an ASHP accredited program that offers in-depth experiences in clinical services. Our program is designed to provide you with a variety of learning environments, teaching opportunities, and projects – all to help develop your clinical knowledge, skills, confidence, and independence. One of our primary goals is to provide residents with professional growth that optimizes their marketability for future employment in either ambulatory care or inpatient settings, PGY2 opportunities, and other pharmacy career endeavors.

CORE VALUE

Because I CARE, I will...

Integrity

Act with high moral principle

Commitment

Work diligently to serve Veterans and other beneficiaries

Advocacy

Be Veteran-centric by identifying, fully considering, and appropriately advancing Veterans and other beneficiaries

Respect

Treat all those who I serve and with whom I work with dignity and respect

Excellence

Strive for the highest quality of continuous improvement
