

# VA Salt Lake City Health Care System

## Postgraduate Year 1 (PGY1) Pharmacy Residency

### VA Salt Lake City (VASLCHCS) Residency Programs:

The VASLCHCS offers three ASHP accredited programs:

- PGY1 Pharmacy Residency
- PGY2 Psychiatric Pharmacy Residency
- PGY2 Ambulatory Care Pharmacy Residency

The goal for these 12 month post graduate experiences is to further advance the resident's knowledge, skills, and confidence in clinical practice pharmacy settings.

### PGY1 Program:

There are three PGY1 positions at the VASLCHCS. We offer a traditional program emphasizing acute and ambulatory care clinical learning experiences. The goal is to prepare residents for acute and ambulatory pharmacy careers, adjunct faculty positions, or further PGY2 training.

### PGY1 Program Purpose:

The PGY1 pharmacy residency program builds on Doctor of Pharmacy (PharmD) school education. The purpose is to contribute to the development of clinical pharmacists responsible for medication-related care of patients with a wide range of conditions. Upon completion of the residency, residents will be eligible for board certification in pharmacotherapy and PGY2 pharmacy residency training.

**VA Mission Statement:** *To fulfill President Lincoln's promise "To care for him who shall have borne the battle, and for his widow, and his orphan" by serving and honoring the men and women who are America's veterans. The medical center aspires to this goal by providing exceptional health care and improving the wellbeing of our Veterans.*

## PGY1 Residency Rotation Description:

The residency program has both required core and elective learning experiences. There are six required core electives, two six month longitudinal rotations, and four electives to pursue clinical interests and customize their PGY1. As needed, the residency program will network with other sites (University of Utah, Poison Control Center, and Intermountain Health Care Systems) to provide additional specialty care rotations not available at the VASLCHCS. These affiliated site rotations must be accredited by approved reviewing body (ie: the Joint Commission) and are subject to preceptor, site, and licensing availability.

### 2022-2023 PGY1 Residents

Matthew Haas, Sarah Brown, Lindsey Hannibal

## PGY1 Program Curriculum

# Why Choose VASLCHCS Residency?

## About VASLCHCS:

Located on a 70 acre campus situated at the foot of the Wasatch mountain range, the George E. Wahlen Department of Veteran Affairs is a 121 bed tertiary care facility serving Veterans residing within a 25,000 square mile radius within VISN 19. The VASLCHCS is closely affiliated with the University of Utah and Intermountain Healthcare Systems.

## As a resident you can expect:

- A wide variety of available rotations
- To be well integrated and respected among medical teams
- To participate in evidence and guideline-based medicine
- To engage in daily direct patient care activities including rounds, clinical appointments, group classes, etc.
- To practice under a preceptor with full scope of practice
- Great opportunities for post-residency employment within the VA
- To practice with any state pharmacy license
- To practice with high quality and invested preceptors

## Living in Salt Lake City

### About Salt Lake City:

“Life Elevated” – Salt Lake City is located between two mountain ranges, the Wasatch Mountains to the East and the Oquirrh Mountains to the West.

Combining the amenities of a major metropolitan area with the friendliness of a small western city, Salt Lake City is an ideal place to live. A beautiful and vibrant city, Salt Lake combines unparalleled access to natural recreation, a bustling economy, dynamic nightlife, and Utah’s Greatest Snow on Earth. Utah offers five national parks, miles of mountain biking trails and 13 down-hill ski resorts (10 of them less than an hour drive from downtown).

Numerous restaurants, shops, malls, theatres, and outdoor concerts make Salt Lake City an exciting place to live. In addition to professional sporting teams, the city hosts its own symphony and film festivals. No matter what your taste in music or entertainment, you are likely to find something to suit you in and around the city.
