

PGY1 PHARMACY RESIDENCY PROGRAM

The OVAMC ASHP-accredited postgraduate year one (PGY1) program is a 12 month program offering a range of experiences to support resident professional growth and development.

The primary practice sites during the residency are the Lake Nona and Lake Baldwin campuses. However, residents will have the opportunity to select a Patient Aligned Care Team elective at an OVAMC Community Based Outpatient Clinic.

OVAMC residents will have numerous opportunities to be involved in patient care, education, clinical and administrative projects as well as local committees. Residents are required to complete a quality improvement or research project and are encouraged to present at a professional meeting. Residents are required to submit a manuscript suitable for publication by the end of the residency.

ABOUT ORLANDO VA MEDICAL CENTER

Officially established in October 2006, the Orlando VA Medical Center is one of the Top 100 Companies in Central Florida for working families. The Orlando VA Medical Center includes the following facilities: a 120-bed Community Living Center and a 60-bed Residential Rehabilitation Program (located at the Lake Nona Campus); Outpatient Clinics in Orlando (Lake Baldwin), Viera, and Daytona Beach; and four Community Based Outpatient Clinics located in Clermont, Kissimmee, Leesburg, and Orange City. Our new medical center in Lake Nona is currently open for many outpatient services and will continue to open more services, including inpatient beds and an emergency department, throughout 2015 and early 2016. The new 65-acre medical campus has 134-inpatient beds and provides acute care, complex specialty care, advanced diagnostic services, a large multispecialty outpatient clinic, and administrative and support services.

Pharmacy Residency Positions

The Orlando VA Medical Center (OVAMC) is seeking **SIX** highly motivated postgraduate year one (PGY1) Pharmacy Residency Program candidates. The goal of this program is to develop proficient pharmacy practitioners with excellent practice skills and leadership abilities.
