MAKE THE MOST OF YOUR RESIDENCY AT THE JAMES J. PETERS VA

Spend the next year of your professional life in an advanced practice setting that offers challenging learning opportunities and an outstanding experiential environment with a dedicated group of clinical specialists and professionals. We offer one PGY-2 Residency in Geriatric Pharmacy Practice position.

As a resident at the James J. Peters Department of Veterans Affairs, you will receive a generous stipend and be eligible for health and life insurance benefits.

ABOUT THE MEDICAL CENTER

The Medical Center is located in the northern Bronx, on a suburban-like campus convenient to public transportation and highways.

The medical complex consists of a 230-bed acute care hospital, an 80-bed long-term care and rehabilitation facility, offers a home care program, and has a large ambulatory practice with 250,000 patient visits annually.

Manhattan is very close by, making it easy to enjoy all the cultural activities, nightlife, and the exciting pace that New York City has to offer. The Bronx Zoo, one of the top ten zoos in the world, and Yankee Stadium are only minutes away.

Throughout your residency you will participate in Community Living Center Interdisciplinary Team Meetings, Geriatric Clinic, Home-Based Primary Care, and Wound Care Rounds. You will also round with the medical team, evaluate patients, and have a significant impact on pharmacotherapy. We are a teaching hospital and therefore provide an opportunity to precept pharmacy students rotating with us.

Our excellent board-certified team of clinical pharmacy specialists have prescribing authority and are directly involved in patient care. Inpatient clinical pharmacists practice in the Critical Care, Acute Care, and Geriatric patient care centers. Clinical specialists are based in the PACT (Patient-Aligned Care Team), Anticoagulation, Diabetes, Renal, Geriatrics, Heart Failure, and Hepatitis C/HIV clinics. Electives to be arranged with RPD.
