MAKE THE MOST OF YOUR RESIDENCY AT THE JAMES J. PETERS VA

Spend the next year of your professional life in an advanced practice setting that offers challenging learning opportunities and an outstanding experiential environment with a dedicated group of clinical specialists and professionals. We offer two separate ASHP accredited PGY-2 programs with one residency position in Infectious Diseases Pharmacy Practice.

As a resident at the James J. Peters Department of Veterans Affairs, you will receive a generous stipend and be eligible for health insurance, life insurance, and free parking or a transit subsidy.

ABOUT THE MEDICAL CENTER

The Medical Center is located in the northern Bronx, on a suburban-like campus convenient to public transportation and highways. The medical complex consists of a 230-bed acute care hospital, an 80-bed long-term care and rehabilitation facility, offers a home care program, and has a large ambulatory practice with 250,000 patient visits annually.

Manhattan is very close by, making it easy to enjoy all the cultural activities, nightlife, and the exciting pace that New York City has to offer. The Bronx Zoo, one of the top ten zoos in the

world, and Yankee Stadium are only minutes away.

Throughout your residency you will be working side-by-side with our excellent board-certified team of clinical pharmacists. We are a teaching hospital and therefore provide an opportunity to precept pharmacy students rotating with us. As a resident, you will actively participate in our HIV/hepatitis C pharmacotherapy clinic, antimicrobial stewardship program, inpatient ID consultation service, and critical care team. Our program also offers off-site ID rotations with other affiliated hospitals to broaden your resident learning experience!
