IN NEW DIRECTIONS
The Pharmacy Residency (PGY1) at the Syracuse VA Medical Center is designed to allow development of the resident into a clinical practitioner who will contribute to positive outcomes in the practice of pharmacy.

The program is a comprehensive, 12 month post-graduate residency. The program will focus on the development of skills in a variety of practice settings including internal medicine, ambulatory care, and pharmacy practice management.

The purpose of the Pharmacy PGY1 Residency is to train pharmacists to provide medication therapy management, primarily to ambulatory, geriatric and inpatient populations. The pharmacist will learn to be a member of a multidisciplinary team, providing education to patients and health professionals. In addition, residents will learn to perform self-monitoring and demonstrate leadership through contributions to performance improvement.

ABOUT SYRACUSE VA MEDICAL CENTER

Syracuse VAMC is a 136-bed general medical and surgical referral center including a 16-bed Acute Care Psychiatric Unit as well as a 48-bed Community Living Center located in central New York State. It is a teaching facility affiliated with State University of New York (SUNY) Upstate Medical University and operates seven Community Based Outpatient Clinics (CBOCs).

The Syracuse VAMC is dedicated to providing a wide range of medical and surgical services to the veterans of central New York including: primary care, mental health care, tertiary care, long-term care, cardiology, neurology, oncology, physical medicine and rehabilitation, infectious disease and geriatrics. The new $90+ million, 6-floor addition which houses a 30-bed Regional Spinal Cord Disorder (SCI/D) Center was formally opened on June 14th 2013. The center houses a therapeutic pool, expanded outpatient surgical services, dialysis and infusion program and seven new operating rooms. Other programs of note include a Women’s Wellness Center, a Level II Polytrauma Center for VISN 2 and an Amputee Center of Care.

A GREAT PLACE to BE!
