PGY2 - Infectious Diseases Pharmacy Residency

The Infectious Diseases Pharmacy Residency program offers unique experiences to develop the knowledge and clinical skills to practice in the area of infectious diseases. The resident will function as a member of the multidisciplinary infectious diseases team within the inpatient and outpatient setting. Our goal is to promote individual growth, professional development, self-reliance, and responsibility by developing an autonomous clinical practitioner. The program will prepare the resident to serve as a clinical pharmacy specialist in a variety of specialty infectious disease settings including academia.

Required Experiences:

General Infectious Diseases
Antimicrobial Stewardship
Clinical Microbiology Laboratory
Internal Medicine
Critical Care/Burn Unit (at MetroHealth)
HIV & Hepatitis C Clinics

Elective Experiences:

Required rotations repeated as an elective rotation
