About the Coatesville VA Medical Center

The Coatesville VA Medical Center is an integrated health care system dedicated to providing the best care and services to our Nation's Veterans. The medical center is located on a picturesque, 110-acre, 65-building campus in scenic Chester County, PA. Additionally, the medical center operates community based outpatient clinics in Springfield and Spring City, Pennsylvania. The hospital offers team-based, patient-centered health care that includes inpatient and outpatient mental health care, primary care, home based primary care, a Community Living Center with hospice, palliative care, and respite services. Additional services offered at our healthcare center are domiciliary care programs, women's health clinics, optometry, dental, and specialty clinics such as neurology, pulmonology and infectious disease. In 2015 Our facility served 19,880 Veterans through 251,528 outpatient visits and 2,777 inpatient and residential admissions.

Our PACT pharmacist run clinics include: hypertension, diabetes, lipids, anticoagulation, mental health, pain management and hepatitis C. Our geriatric pharmacists work with the Home-Based Primary Care, Community Living Center and Hospice teams.
