

# VA Salt Lake City PGY1 Residency

Located on a 70 acre campus situated at the foot of the rugged Wasatch Mountains and overlooking the city below, the George E. Wahlen Department of Veterans Affairs Medical Center is a 121 bed tertiary care facility serving Veterans residing within a 25,000 square mile primary service area within VISN 19.

It is closely affiliated with the University of Utah School of Medicine, which is located within close proximity to the VA Medical Center.

The VA in Salt Lake City offers all the traditional medical and social services including primary care, internal medicine, critical care, cardiology, surgery, including cardiac transplantation, neurology, hematology/oncology, and psychiatry.

- A wide variety of rotations are available
- Pharmacist's are well integrated and respected among medical teams
- Pharmacists participate in daily patient rounds
- Pharmacists participate in evidence and guideline-based protocol development and implementation
- Clinical Pharmacist's have prescriptive authority allowing for ease of monitoring and adjustments to treatment regimens
- State of the art information technology systems, including the computerized Patient Record System (CPRS)
- Great opportunities for post residency employment throughout the entire VA health care system
- Any state pharmacy license qualifies a pharmacist to work at any VA hospital across the country
