Updated Dec 2017

The Captain James A. Lovell Federal Health Care System supports innovation, empowerment, productivity, accountability, and continuous improvement. Working together, we provide a continuum of high quality healthcare in a convenient, responsive, caring manner.

We are proud of our tradition of service, past present and future.

The Captain James A. Lovell Federal Health Care Center is dedicated to providing a comprehensive health care package to America’s veterans, active duty and DoD beneficiaries. We offer the full range of health care services from prevention through select surgical services.

Mission: As the first integrated federal health care facility, we are proud to provide comprehensive, compassionate, patient-centered care to our veterans and DoD beneficiaries while maintaining the highest level of operations readiness.

Vision: Creating the future of federal health care through excellence in world-class patient care, customer service, education, and research.
VALOR

This training program gives outstanding PharmD students an opportunity to develop competence in a clinical pharmacy setting while exploring the world of federal pharmacy practice. It focuses on the development of skills and knowledge required for clinical pharmacy practice under the supervision of a preceptor.

Clinical Areas Include
- Critical Care/Emergency Room
- Family Medicine
- Geriatrics
